

Returning to School

Since 23rd March 2020, schools in England have been closed to most children. Some children still went to school each day because they have parents who work as key workers. Other children have been at home each day.

Home learning is different from learning in school. You may have been completing work on Google Classroom or in a workbook.

The government has now decided that it is safe for some children to return to school.

The school and your family will help you to get ready for returning.
You might come in through a different entrance than you are used to.

You might start school at a different time than normal.

You will say goodbye at the gate and walk in by yourself.

You will need to line up on the field, keeping a distance from other children.
The teachers will be there to help you and show you where to go.

You will wash your hands in a new outside sink before you enter the classroom.

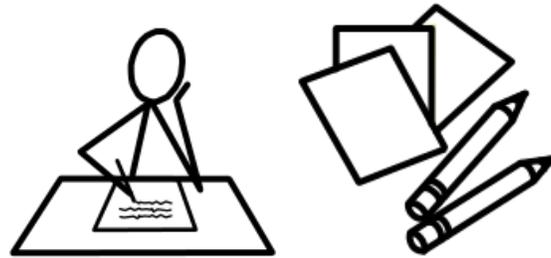

You will be in a group of children from your year group called a 'bubble'. These groups will be small to keep you safe but you might not be with all of your friends.

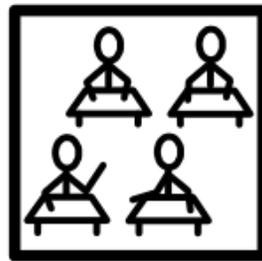

Your teacher may be a different teacher than usual, but they will be supportive and help you with your learning. Lots of fun activities have been planned.

You will have your own desk to sit at with your own set of resources to use.

Your classroom will look a little bit different, some things have been moved so that you can keep a safe distance from others.

You will have an area to play in, but you should keep 2m apart as best as you can.

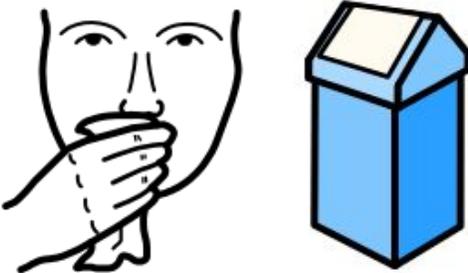

You will have lunch in your classroom bubble. Lunch will be made by the school, you cannot bring a packed lunch in with you.

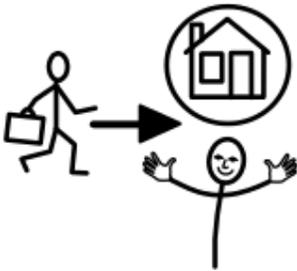

Everyone will be washing their hands very regularly (after being outside, before and after eating and before going home), with soap and water, for at least 20 seconds.

Remember to use a tissue if you cough or sneeze. You need to put your own tissue in the bin when you have finished with it.

At the end of the day, you will be picked up in the same place that you came in.

We are looking forward to welcoming you back!
